

MEDIA CONTACT LIST

This Media Contact List has been prepared by Internews using the already existing directory provided by the Press Union of Liberia.

Please note that this list is not comprehensive of all Media Outlets operating in the country, but it is a partial list of all the Media Outlets that Internews managed to personally contact and verify in the past 3 weeks. All information in this list has been verified by phone or in person.

For a more detailed list compiled in 2014¹ by the Press Union of Liberia go here: <http://bit.ly/17U3DjG>

Internews will update this list monthly and will provide an updated version of it.

Internews invites organizations that are aware of other media outlets operating in the country and have their verified contact information to send this information to Kama Bakannah at kbakannah@INTERNEWS.ORG

¹ Please note that Internews did not change the information in the Press Union of Liberia list, so before you use the list make sure that the updated contact is not already present in the Internews list
